Little Flower Congregation - CST Fathers**

## The Programme

Through the programme, we anticipate a significant positive impact on the lives of Children and Youngsters with Disabilities.

Our key success indicators include **increased enrollment and retention in inclusive schools, improved health and well-being, getting rights and entitlements, enhanced employability, reduced stigma, greater accessibility and mobility and wider community involvement.**

## One of the DISA's Most Important Programmes :

# Community Based Inclusive Development of Children and Youngsters with Disability

Inclusive Development of Children and Youngsters with Disability is an endeavour by **DISA** (**D**evelopment **I**nitiatives by **S**ocial **A**nimation) to promote the empowerment of the Children and Youngsters with Disability. The Program is active in four districts of Basti, Gorakhpur, Shravasti and Siddharth-nagar of Uttar Pradesh and accompany the Children and Persons with Disability for their self reliance, provide assistive devices like wheelchairs, hearing aids tricycles etc.. and get the hassle-free buildings and public institutions for their better mobility and accessibility.

## Our Strategy

- We adopt 150 Children with Disabilities (below age of 18 years) from different Villages and accompany them for Inclusive Development, in tune with the CBR Matrix prescribed by UNDP.
- Keep in contact with another 100 Persons with Disabilities (Adults) and support them for their Empowerment.
- Intervene in the lives of the Children adopted for their health,
- education, livelihood, social development, and empowerment as per the CBR matrix.

*We need your Help*

to support and uphold the Life and the basic facilities to empower the Persons with Disabilities in the selected area of Uttar Pradesh and we solicit your partnership to transform their lives for a Community Based Inclusive Development of Children and Youngsters with Disability.
